

MINUTES OF THE 13th MEETING OF THE PROJECT APPROVAL BOARD (PAB) OF RUSA HELD ON 30th July, 2018

The 13th meeting of the RUSA PAB was held on 30th July, 2018 at 03.00 hrs exclusively for North Eastern & the Himalayan States in India International Centre, under the Chairmanship of Sh. R. Subrahmanyam, Secretary Higher Education (HE) MHRD.

The Joint Secretary, MHRD & National Mission Director (NMD), RUSA welcomed the members of the PAB and the participating States.

At the outset, Secretary (HE) stated that the North-Eastern and Himalayan States have huge potential to improve the quality of higher education in their States. He sought inputs from those present in the meeting regarding the pertinent issues in these States which may be seen as bottlenecks/roadblocks on the path to improve quality in Higher Education Institutions (HEIs) and on the suggested remedial actions required. The States responded by stating that improving infrastructure support, quality faculty recruitment, need for change in the mindset / orientation of teachers, improvements in pedagogy, creation of research eco system are some of the key issues requiring focused attention. Language barrier, inability to generate resources by institutions, problems of connectivity (IT & transport Infrastructure) and lack of pool of trained leaders to lead institutions were also identified as some of the challenges faced by the States. After considerable deliberations and based on inputs from the representatives of the participating States, it was felt that systematic long term improvements are required for developing a lasting plan of action.

It was, therefore, decided that comprehensive state wise action plan needs to be developed taking into consideration the challenges and gaps identified and a concerted plan of action be developed over the next three months with a view to improve quality of HEIs in this region. It was also decided that these States would be supported with mentors and other technical support to help bring them up at par with other regions of the country. It was decided that a special team of NAAC assessors would be requested to spend time in the region to handhold, mentor and expedite the process of accreditation for those institutions which remain unaccredited. It was further decided to review the progress made by the States in the region of matters regarding quality enhancement in the month of October.
